## BRAVE OFFICERS RESCUE SAILORS

Leap Into Icy Sea and Save  
Five From Death.

### CUTS OKLAHOMA DEATH LIST

Booth Liner Gregory Sights Lifeboat  
Containing Eleven Men From Tank  
Steamer Oklahoma, but Heavy Seas  
Retard Work of Rescue—Frail Craft  
Twice Overturns and Six of Its Oc-  
cupants Perish.

New York, Jan. 7.—Five sturdy sail-  
ors of the tank steamer Oklahoma,  
wrecked off Sandy Hook Sunday, owe  
their lives to the bravery of three of-  
ficers of the Booth line steamer  
Gregory, which reached port, bring-  
ing a tale of courage that rivals  
stories of thrilling rescues from the  
burning Volturno.

How eleven men in a frail lifeboat,  
numbed with cold, lost six of their  
number when within sight of the res-  
cue ship, and how three officers  
plunged over the Gregory's rail and  
dragged five partly frozen men to the  
ship's ladder, was told by the Greg-  
ory's captain.

Evidence of the truth of the story  
was given when the rescued men, for  
whom hospital ambulances were  
ready, scorned medical aid on their  
landing here and rushed to the near-  
est place of refreshment, there to tell  
fellow sailors the story of a twenty-  
four-hour battle with wave and cold.

The Gregory sighted the Oklahoma's  
lifeboat at 1:20 p. m. Sunday.  
Its benumbed occupants were unable  
to help hoisted in improvised sail  
and the boat overturned when within  
a few hundred feet of the Gregory. A  
number of the Oklahoma's crew went  
down. The others righted the boat  
and drifted, luckily, toward the Greg-  
ory.

Almost under the lee of the rescue  
ship the lifeboat again overturned.  
The men clung to the boat's bottom  
and shouted piteous cries for help.

Unable to Launch Boat.  
It was foolhardy to attempt to  
launch a boat to go to their aid, the  
captain said, and the crew of the  
Gregory watched the frantic signals  
of the men in the icy waters below.

But the three chief officers of the  
Gregory were equal to the task.  
Without waiting to peel off their pea-  
jackets or roots they vaulted the rail  
and plunged over the side. When they  
had made two trips and dragged six  
men to the ship's ladder, lowered to  
their aid, they sought again to go to  
the aid of a man pinioned under the  
seats of the lifeboat, but were re-  
strained by the captain.

The three rescuers were First Offi-  
cer R. H. Buck, Second Officer J. S.  
Williams and Third Officer F. D. Rob-  
erts, all young Englishmen and expert  
swimmers. Buck, the recipient  
of a medal for rescues at sea, presented  
by the king of Greece, carried a  
life line. The others took no lines.

Each officer rescued one, then went  
back to the overturned boat and each  
dragged another to the ship's ladder.  
The first man hauled aboard by Wil-  
liams died on deck. The other five  
were given the best of care by the  
ship's surgeon and the crew. They  
bear living witness to the heroism of  
three men.

The rescue of the Gregory's five  
brings the total number saved from  
the crew of thirty-eight men aboard  
the Oklahoma to thirteen. Eight are  
aboard the steamship Bavaria, nearing  
Boston harbor. The others perished  
from cold or drowning in two life-  
boats, one of which was sighted over-  
turned; the other, which was seen by  
the Bavaria, laden with three frozen  
bodies.

### RAILROAD WILL CUT MELON

Union Pacific Will Distribute Stock  
in Other Line.

New York, Jan. 7.—The executive  
committee of the Union Pacific Rail-  
road company announced that it would  
recommend the distribution among its  
stockholders of the Baltimore and  
Ohio stock owned by the company,  
par value \$2,000,000, together with  
\$3 per share in cash.

Estimated on the present market  
value of Baltimore and Ohio stock  
this is equivalent to an extra dividend  
of 33 per cent.

The executive committee will lay  
this recommendation before the board  
of directors which meets Thursday.  
It recommends also that if this dis-  
tribution is carried into effect the reg-  
ular annual dividend be correspond-  
ingly reduced, that is, from 10 per cent  
to 8 per cent.

### MORE CASH IN CIRCULATION

Stock in United States Totals \$3,775,  
464,096.

Washington, Jan. 7.—The general  
stock of money in the United States  
on Jan. 2, 1914, amounted to \$3,775,  
464,096, which is about \$8,000,000 more  
than the stock of the same article on  
Dec. 1, 1913, according to the treasury  
statement.

Of this amount nearly \$2,000,000,000  
was in gold coin, including bullion in  
the treasury, about \$757,000,000 was  
in national bank notes and about  
\$565,000,000 in silver dollars. The  
treasury estimates the population of  
the continental United States at 98,  
181,000 and says the circulation per  
capita was \$35.11.

## FERRIS SEEKING STRIKE FACTS

Michigan Governor Probing Cop-  
per District Trouble.

### LECTURES COUNTY OFFICIALS

State Executive Informs Sheriff and  
Prosecuting Attorney That their Ac-  
tions Should Be Harmonious—Also  
Inquires About Deputies and So  
Called "Gunmen" Being Employed.

Houghton, Mich., Jan. 7.—Governor  
Woodbridge N. Ferris of Michigan  
gained much first hand information  
regarding the strike which has been  
in progress in the northernmost por-  
tion of his state for more than five  
months. Especially did the governor  
learn about the number of county and  
company deputies in the strike zone  
and the extent to which so called  
"gunmen" have been used or are be-  
ing used in the strike zone.

The governor obtained this informa-  
tion from the sheriffs, prosecuting at-  
torneys and supervisors of the two  
counties affected by the industrial dis-  
pute. At the conclusion of his ses-  
sions with these officials he impress-  
ed upon them that they must work  
together in maintaining law and order  
and in protecting life and property.

Governor Ferris questioned Anthony  
Lucas, prosecuting attorney of  
Houghton county, and Judge P. H.  
O'Brien of the circuit court, who  
came from L'Anse, where they have  
been holding court on strike cases  
transferred from this jurisdiction on  
changes of venue.

Governor Ferris found an interest-  
ing field for inquiry in the Keewee-  
now county situation.

Militia Is Still on Duty.

Normally the three big mines em-  
ploy some 2,000 men and he was told  
95 per cent of the population in the  
Mohawk, Allouez and Ahmeek loca-  
tions were members of the Western  
Federation of Miners. Troops were  
sent into the county last summer and  
a company still is on duty there.

The governor learned that in both  
counties about sixty former militia-  
men are employed as mounted police.  
Most of these men, he was informed,  
came from Detroit and he expressed  
the opinion their retention here was  
a mistake. He indicated hereafter the  
state will return national guardsmen  
to their homes after their tours of duty  
have expired.

The governor went into reports that  
state troops had misbehaved, but each  
official said he had no criticism to  
make of the soldiers. Then he sought  
light as to the confusion of last sum-  
mer, when Sheriff Hepting telegraphed  
for troops one day and asked for  
their withdrawal the next. The prose-  
cuting attorney said he had signed the  
petition for withdrawal because Hepting  
said the troops had been forced on  
him.

"But they weren't forced on him.  
That was your telegram, wasn't it?"  
demanded the governor of Hepting.  
"Yes, I sent it," was the reply.  
Then the governor lectured the two  
on their failure to "get together."

### NEW HAVEN MAY DISSOLVE

Railway Officials Negotiating With  
Department of Justice.

Washington, Jan. 7.—The New York,  
New Haven and Hartford railroad and  
the department of justice reached the  
point in their negotiations where it is  
practically certain the final policy of  
the government toward that road will  
be announced within the next forty-  
eight hours.

If the New Haven agrees to a com-  
plete reorganization, which will insure  
the restoration of what the depart-  
ment considers a fair measure of com-  
petition in the field of New England  
transportation, it will be allowed to  
pursue its plans for such reorganiza-  
tion unmolested by the government.

If the railroad prefers to fight At-  
torney General McReynolds will in-  
stitute proceedings as soon as possible  
under the anti-trust act to divorce the  
New Haven from its steamship, trol-  
ley and railroad holdings.

### SUES TO APPORTION DEBT

Action at Butte Is Sequel of Trust  
Company's Failure.

Butte, Mont., Jan. 7.—Suit was be-  
gun here by attorneys representing  
George C. Van Tuyl, Jr., superintendent  
of the banks of New York, against  
Charles M. Schwab, John J. Cudahy  
and 196 others to secure a court order  
apportioning to each stockholder his  
part of the indebtedness of the Car-  
negie Trust company, which failed in  
New York city several years ago. The  
debts aggregate \$4,502,093.63, and  
a \$1,500,000 assessment has been levied  
by the New York banking super-  
intendent. Some stockholders re-  
side in Silver Bow county.

### Woman's Ways.

Honestly, most women wouldn't  
want their own way if they could  
have it.—Chicago News.

JOSEPH W. FOLK.

Advocates Primary Plan  
of Nominating Presidents.

### PLAN FOR NATIONAL PRIMARY

Folk Chairman of Committee to Draft  
Measure.

Washington, Jan. 7.—Plans for put-  
ting into effect the presidential prefer-  
ence primary idea, suggested by Pres-  
ident Wilson in his recent message to  
congress, were discussed here by  
Democratic leaders at a luncheon  
given by the Common Council club.

A plan of state primaries proposed  
by Joseph W. Folk was supported by  
Secretaries Redfield and Wilson,  
Senator Owen, Louis D. Brandies, As-  
sistant Secretary Hamline of the  
treasury department and John Burke,  
treasurer.

A committee, with Mr. Folk as chair-  
man, was named to draft a plan for  
the state primary method of nominat-  
ing presidents.

Opposition to presidential prefer-  
ence primaries, Mr. Folk told the  
club, had been due largely to belief  
that it "would interfere with the rights  
of the state to regulate and conduct  
their own elections."

## URGES NEGROES TO PREPARE FOR WAR

Washington Minister Delivers  
Sensational Address.

Washington, Jan. 7.—Negroes were  
urged to stop buying musical instru-  
ments and sending their children to  
dancing schools and advised to spend  
their money on guns and military ed-  
ucation by Rev. I. N. Ross, pastor of  
a Washington negro church, speaking  
to a large crowd assembled to cele-  
brate the birthday of Charles Sumner.  
The preacher pleaded with the au-  
dience to prepare for war for their  
social, political and industrial rights.  
"Prepare for war in times of peace  
is the policy of this nation," he shout-  
ed. "It should be your policy if you  
wish to break from the oppression,  
from the fetters of this era of new  
slavery."

Cries of "We are with you that's  
right," greeted the speaker, and the  
audience arose waving handkerchiefs  
and urging Ross to go on. When Os-  
wald Garrison Willard of New York  
vigorously dissented from Ross' advice  
the preacher again rose and repeated  
his declarations, drawing another en-  
thusiastic outburst of approval.

Mr. Willard made an address at-  
tacking the attitude of the Democratic  
administration toward the colored  
race.

### SUES TO TEST ITS VALIDITY

Minneapolis Man Attacks Nonpartisan  
Election Law.

Minneapolis, Jan. 7.—Suit to test  
the validity of the nonpartisan elec-  
tion law of 1913 has been started in  
the Hennepin county district court.  
The petitioner, N. Frederick Olson,  
contends that the law making mem-  
bers of the legislature and county of-  
ficers nonpartisan is void because it  
contains more than one subject which  
is not expressed in its title, as the  
state constitution requires.

If the petitioner is sustained every  
filing made up to date for the primary  
election next June is void. A deci-  
sion against the act of 1913 would  
nullify several changes in the elec-  
tion laws, as follows:

Changing the date of the primary  
election from September to the third  
Tuesday of June.

Making members of the legislature  
and county officers nonpartisan.

Prohibiting nominations by petition  
for nonpartisan offices.

Providing for election of county sur-  
veyor without a primary.

Legalizing "Bull Moose" party.

### BLOW UP THEIR OWN TRAIN

Rebels Think Cars Contain  
Federals and Use Dynamite.

Mexico City, Jan. 7.—A variation of  
the usual dynamiting incident is re-  
ported from Aguascalientes. The re-  
bels captured a train at Espiritu Santo.  
While it was approaching La Honda  
another party of rebels, believing that  
the train carried federals, exploded a  
mine. The train was blown up and  
eighty men were killed or injured.

## TRUST MESSAGE BY PRESIDENT

Nothing to Indicate He Has  
Changed Mind.

### HE CONTROLS CONGRESS.

Both Parties Seek to Dodge Responsi-  
bility in Woman Suffrage Proposi-  
tion—May Compile More Statistics  
on High Living Cost—Scramble for  
Place of Senator Perkins.

By ARTHUR W. DUNN.

Washington, Jan. 7.—[Special.]—Pres-  
ident Wilson has promised another  
message on anti-trust legislation, and,  
although Vice President Marshall has  
said that none is needed and there are  
others who believe that the trusts are  
being brought under control by the at-  
torney general, still the fact remains  
that the president is the person to de-  
cide what shall be done. His control  
is absolute. If he says there must be  
trust legislation this congress will put  
it through. There never was a con-  
gress as firmly in the hands of the  
president as the present. It is because  
the people believe in Wilson. In all  
probability we will have a message on  
trusts and trust legislation. At least  
no one has seen anything which in-  
dicates that the president will change  
his mind.

Printing Speeches.

Possibly one reason why Oscar W.  
Underwood is able to control affairs in  
the house is because he seems to have  
the habit of saying the sensible thing.  
Just before the recess members of the  
house were sparring over the matter  
of "leave to print" speeches on the cur-  
rency bill. Finally Underwood said,  
"I have always believed that it is a  
very proper thing for members of this  
house to communicate to their consti-  
tuents their views on legislative ques-  
tions that come before the house, and  
I do not think the printing of speeches  
on actual legislative matters is a bad  
habit at all."

And the house agreed with him, and  
ample time was given for preparing  
and publishing speeches on the cur-  
rency bill as passed. Only by the "leave  
to print" method could all the mem-  
bers get their views in the Record.

Want to Dodge.

There is an indication of a desire to  
dodge responsibility on the pending  
woman suffrage proposition in the  
house, which just now is the demand  
of the suffragists for a committee on  
woman suffrage. "Why not give it to  
'em?" asked one Democratic mem-  
ber of prominence. "It will mean  
nothing. It doesn't commit us to any-  
thing, and it's a good way out."

But the anti-suffragists oppose that  
idea, because they say the creation of  
a committee will be hailed as a victory  
by the suffragists, and, while it will  
not pass the resolution which the suf-  
fragists are asking, it will encourage  
the suffragists in other parts of the  
country. It is quite a ticklish matter  
for a number of statesmen who have  
strong organizations on both sides in  
their districts.

More Statistics.

Efforts are being made to compile  
more statistics about the high cost of  
living. Incidentally it has been shown  
that the United States produced some  
ten or more billions' worth of food last  
year than the year before. But the  
trouble seems to be that the people  
cannot live on these figures, although  
they are being fed on them.

Notice Pending.

"Aside from the fact that our short  
vacation closes, we are looking for-  
ward to the reassembling of congress  
without much pleasure and very little  
hope," remarked a member of the sen-  
ate. "You see," he added, by way of  
explanation, "Charlie Thomas has a  
notice of a speech pending. In fact,  
he always has such a notice, though  
why it is necessary I do not know.  
He can talk and does talk whenever  
he feels like it anyway."

And that is one kind of reputation  
a man may achieve in the senate. It  
is a place where men can talk, and  
quite a number take advantage of the  
privilege.

For Perkins' Successor.

After twenty years Senator Perkins  
is to retire as a senator from Califor-  
nia. A broken, feeble old man he is  
now, though he was for many years a  
strong, forceful figure in the senate.  
His retirement has created a condition  
on the Pacific coast which can be  
termed a "scramble." All the ambi-  
tious and hopeful men in the three big  
parties—Republican, Progressive and  
Democratic—are laying plans to get  
the toga. And those who may be shut  
out of the senatorship are figuring on  
the governorship. The indications are  
that these high offices are very alluring  
to the people of California.

Generous Government.

One complaint of western men about  
the administration of the national for-  
ests is that miners and settlers are  
deprived of the use of timber which  
they need and which they cannot af-  
ford to buy under the forest conditions.  
In a statement recently issued the for-  
est service asserts that during the last  
year the government gave away to set-  
tlers and miners living in or near the  
national forests 120,000,000 board feet  
of timber. While that may not satisfy  
the western men who want the forest  
lands reduced, it will go to show that  
people in need of timber can obtain it  
from the government reserves.

### IDA VON CLAUSSEN INSANE

New York Judge Orders Her Taken to  
Matteawan.

New York, Jan. 7.—Mrs. Ida von  
Claussen, who once tried to sue Theod-  
ore Roosevelt for \$1,000,000 because  
she said he thwarted her presentation  
to the king of Sweden, was commit-  
ted to Matteawan asylum for the  
criminal insane by Judge Malone in  
the court of special sessions. Two  
well known alienists found Mrs. von  
Claussen insane. She has been in the  
Tomb since Oct. 30, charged with  
writing threatening letters to a New  
York lawyer because of an imagined  
grievance. She is well to do.

## BULL MOOSERS SAY OUTLOOK IS BRIGHT

Progressives Becoming Active  
in Several States.

Washington, Jan. 7.—Representative  
Hinebaugh of Illinois, chairman  
of the Progressive congressional com-  
mittee, issued a statement giving ex-  
cerpts from national committeemen  
and state chairmen and announcing  
that "our chances for a red hot fight  
in the coming campaign are exceed-  
ingly bright."

He claimed an even chance of win-  
ning in Maine next fall; the possible  
election of a Progressive successor to  
the late Representative Pepper of  
Iowa, Democrat, and thorough organ-  
ization in Illinois with Progressive  
state, county and congressional ticket-  
holders. Other claims were:

Massachusetts—"Will carry several  
congressional districts;" North Dako-  
ta—"Working to obtain county or-  
ganization and the response most en-  
couraging and the only standpatters  
are the officeholders and their polit-  
ical relatives;" Pennsylvania—"Very  
thoroughly organized;" Delaware—"Progressives intend to prosecute a  
progressive campaign in every coun-  
ty this fall;" Michigan—"Full Progress-  
ive tickets all along the line;" Cal-  
ifornia—"Should be a new Progressive  
congressional candidate in every dis-  
trict."

The statement said that from Ver-  
mont news had come that "We have  
more than an even chance of carrying  
at least three congressional districts."

tion of Structural Iron Workers, was  
affirmed by the United States circuit  
court of appeals here in twenty-four  
cases. Six cases were reversed.

The cases reversed were remanded  
to the lower court for retrial. The de-  
fendants in these cases are:

Olaf Tvetmoe, San Francisco; Wil-  
liam McCain, Kansas City; James E.  
Ray, Peoria; Richard H. Houlihan,  
Chicago; Fred Sherman, Indianapolis,  
and William Bernhard, Cincinnati.

The sentence of seven years' penal  
servitude against Frank M. Ryan of  
Chicago, president of the association,  
was affirmed.

There were thirty-two convictions  
on charges of conspiracy to transport  
dynamite illegally. Two of the con-  
victed men did not appeal. All but  
six of the thirty who did appeal are at  
liberty under bond.

**PROPOSED CHARTER DEFEATED**  
The special election held on Tues-  
day resulted in the defeat of the pro-  
posed new charter but the substantial  
vote given in favor of it shows a dis-  
position on the part of the citizens  
of Brainerd toward progression in  
city affairs that is commendable, and  
also pleasing to those who have labored  
long and earnestly in framing the  
proposed charter and bringing the  
matter to a vote, even if the required  
four-sevenths were lacking when the  
votes were counted. The most ardent  
supporters of the measure are not  
disappointed at the outcome, as it  
was impossible to counteract the  
campaign of misrepresentation started  
within a few days of the election,  
and feel that their efforts have not  
been wholly wasted, as the result will  
be to call attention to the incon-  
sistencies of the present charter with  
a view to amendment or the presen-  
tation of a different form of charter  
that will receive the support of the  
voters.

The defeat of the new charter can  
be laid principally to misrepresentation,  
lack of knowledge regarding the  
measure and the activity of office  
holders under the present adminis-  
tration who were in fear of losing  
their jobs if the new charter was  
voted in.

Both bond propositions carried by  
safe margins, more than a three-fifths  
vote having been cast in favor of the  
issue in each instance. It was ex-  
pected that the bond issue of \$22,000  
for the purpose of building a road-  
way across the ravine to the east side  
would be favored, but in many quar-  
ters the advisability of voting \$75,000  
for building a city hall was doubted  
and it was freely predicted that the  
proposition would fail for lack of  
supporters at the polls. Now that  
these bonds have been voted it be-  
hooves the powers that be to see that

the funds are properly expended in  
the erection of a building that will  
be suitable to the city's needs, but  
not lavishly expended. This fund  
should be safeguarded, and if a city  
hall can be built for \$50,000 which  
will answer all purposes for some  
years to come there will be no excuse  
for expending \$75,000 for that pur-  
pose. It is a matter that will bear  
the closest inspection and careful  
consideration should be given that  
the right of the taxpayers and citi-  
zens generally are protected.

The vote favoring the site acquired  
by the city for a city hall at the  
corner of Fifth and Laurel streets by  
a vote of 550 for and 529 against  
was the one surprise of the election.  
The vote was taken as an expression  
of the people in regard to the loca-  
tion of the structure, provided the  
bonds were voted, and now that the  
people have decided by their votes  
that this is the proper place the mat-  
ter is fully settled and the new city  
hall will be erected on the property  
acquired by the city some time ago  
at this location. If the city can ac-  
quire title to the remaining 75 feet  
on Fifth street adjoining the property  
already owned by them at a reason-  
able figure it would be the proper  
thing to do. This would give them  
a quarter of a block with an alley on  
each side, and would afford ample  
room not only for the new city hall  
but for other purposes for which it is  
needed, and would be a valuable as-  
set to the city in years to come.

When his condition points to kidney trouble takes an unwise risk. Backache, pain and soreness over the kidneys, nervous or dizzy spells, poor sleep, are all symptoms that will disappear with the regular use of Foley Kidney Pills. They put the kidneys and bladder in a clean, strong and healthy condition. H. P. Dunn.—Adv mwf

### GAME CANNOT BE MAILED

Contraband Goods Cannot be Sent by Parcel Post During the Closed Season Hereafter

Parcel post has been made subject to the game laws according to advice received from Washington by the larger offices that venison, bear meat, wild ducks, partridges and the like can be shipped by parcel post only during the open hunting season. At the same time wild animals or birds of any kind, furs or skulls will be admitted to the mails only when the outside of the package has been plainly marked to show what it contains. While no announcement was made by Washington officials regarding the reasons for the change postoffice officials state that with skunk furs, all kinds of dead animals and birds coming through the mails, the new ruling was possibly taken as a protection for the postal clerk.

### Not Beyond Help at 87

Sleep-disturbing bladder weakness, stiffness in joints, weak, inactive action and rheumatic pains are all evidence of kidney trouble. Mrs. Mary A. Dean, 47 E. Walnut St., Braintree, Mass., writes: "I have passed my 87th birthday, and thought I was beyond the reach of medicine, but Foley Kidney Pills have proved most beneficial in my case." H. P. ### DON'T OVERLOOK YOUR TAXES

Taxes, Both Personal and Real Estate, can be Paid at Any Time Now Before Delinquent

Taxes on real and personal property for 1913 are now due. On March 1 personal property taxes will be overdue. If they are not paid before that time a 10 per cent penalty will attach. For one whole month the taxpayer will be given an opportunity to liquidate with the county through the treasurer, but his failure to do so before April 1 will necessitate his opening negotiations with the sheriff, entailing an additional expense, including costs and fees.

Real estate taxes for the year may be paid in two installments. Failure to pay one-half of the tax by May 31 will result in a 10 per cent penalty being imposed on the whole tax for delinquency. The second half of the realty tax may be paid before Oct. 31, and failure to settle for the second section of indebtedness by that date will mean that a 10 per cent penalty will attach on the part not paid, and the tax will become delinquent on the first Monday of January, 1915.

### MUSIC AND DRAMA

#### "Lavender and Old Lace"

"Lavender and Old Lace," most popular of all Myrtle Reed's books, will be presented in dramatic form at the Brainerd opera house next Sunday evening, January 11. The attraction is under the management of the United Play Co. "Lavender and Old Lace" is a story of a quaint corner of New England, where bygone romance finds a modern parallel. It is a gentle, old-fashioned love story, full of the kind of sentiment that rings true. Probably no work of fiction in recent years has enjoyed such well merited popularity. It is said that more than two million people have read the book and as the years go by the sale of it increases rather than diminishes. Some of the quotations from it have come to be household maxims. Here are a few of the popular ones. "There isn't a new sorrow in the world—there're all old ones—but we can all find new happiness if we look for it in the right way." "In every life there is a perfect moment, like a flash of sun. We can shape our days by that, if we will—before, by faith; and afterward, by memory." "If women couldn't cry, they'd explode." "Sometimes, out of bitterness, the years distill forgiveness." "We deliberately make nearly all of our unhappiness with our own unreasonable discontent, but nothing will ever make us happy, dearie, except the spirit within."

#### Coughs that Prevent Sleep

These coughs are wearing and if they "hang on," can run one down physically and lower the vital resistance to disease. Mr. Bob Ferguson, 319 Pine St., Green Bay, Wis., writes, "I was greatly troubled with a bad cough that kept me awake nights. Two small bottles of Foley's Honey and Tar Compound completely cured me." ## BANQUET RIDERS OF MOTORCYCLES

Edward G. Megow, State Agent of Harley-Davidsons, is Host at the Spalding Cafe

### MOTORCYCLE CLUB IS FORMED

Wm. Lee Elected President—Endurance Road Race Planned for Decoration Day

January 6 was surely some day in Harley-Davidson motorcycle circles. Edward G. Megow, the state agent of the company, came to town and every rider of this motorcycle make was on hand to greet him at the W. E. Lively store, the latter being the local agent.

Lively's windows were decorated in honor of the event. Occupying the center of the window was a 1914 model Harley-Davidson and in the evening the machine's big headlights illuminated the street like a searchlight.

Mr. Megow was the host at a banquet at the Spalding cafe and seated at the festal board were these riders of the Harley-Davidson, W. E. Lively, Norman Paulson, Edwin Cass, Charles Erickson, Wm. Lee, Louis Hostager, Earl Thomas, Robert Elder, Frank Alexander, Oscar Swanson, Ludwig Dahl, Carl Johnson, Arthur Olson, Ed. Olson and John A. Hoffbauer. Theodore Miller, Walter Kaupp, R. V. Long, Wm. Englund, Joe Vaneck, John Dalley and C. A. Emilson.

The tables were appropriately decorated with red carnations and ferns and pennants graced the walls. At the seat of the host of the evening was a miniature motorcycle. The signal to get away and commence action on the menu was given by an auto horn and after each course a couple of honks was a signal for the waiters to bring the rest of the viands to the festal board.

In the course of the talks given it developed that the first man in town to buy a single was Theodore Miller, who two years ago purchased one from W. E. Lively. Robert Elder bought the first twin machine. William Englund bought the first 914 model, then D. Hall of Dykeman, Ludwig Dahl and Rural Carrier Albert Young. In a week Mr. Lively will have on exhibition the new Harley-Davidson side car for two passengers.

A motorcycle club was formed and named the Brainerd Harley-Davidson club. William Lee was elected president. J. A. Hoffbauer was made an honorary member of the club. In accepting the office Mr. Lee thanked the gentlemen for the courtesy and honor conferred on him and said he would labor unceasingly for the success of the organization. He said he would try to make it a winner and would do everything possible short of dying in the attempt.

W. E. Lively said he would donate the rooms on the second floor of his establishment as club headquarters. It was decided to give an endurance road race on Decoration day to run either from Brainerd to Aitkin and return or Brainerd to Little Falls and return. Mr. Megow agreed to give \$10 on one of the prizes.

Mr. Megow was given a vote of thanks at the banquet for his generosity and the interest he had taken in the riders. Mr. Lively then led the way to the Empress theatre where a section of seats had been reserved for the company and all enjoyed the show, applauded Lively's motorcycle and gave a round of applause to every picture which showed a motorcycle.

"This play in its intensity," said the go-out-between-the-acts young man, "fairly takes my breath away." "I only wish it would," gloomily remarked the lady in the next seat.—Baltimore American.

### DID YOU WAKE UP CROSS OR FEVERISH

Look Mother! If Tongue is Coated, Give "California Syrup of Figs" to Clean the Bowels

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside cleansing." Instructions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Fig Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!

### SAME KIND OF WINTER

"Old Inhabitants" Recall a Season Similar to the One Northern Minnesota Now Enjoys

The Grand Rapids Herald-Review says: "Old inhabitants of Northern Minnesota recall that 36 years ago a winter very similar to the one we are now experiencing prevailed throughout the Northwest. George Lothrop, now janitor at the Central school, was working in the woods in this vicinity at that time and recalls that about all the winter they had was in the early part of November. This was in 1878, and the good weather continued right through until spring.

Judge Ives, editor of the Cass Lake Times, another old-timer in these parts, says of the winter of that year: "It began the fore part of November and continued freezing weather was experienced until about the 25th when foggy nights and warm sunny days were with us with few interruptions 'til April. The ground froze to a depth of six feet in November but thawed out before December was half gone and farmers in all sections of the northwest plowed their fields. There was no snow, the ground was but slightly frozen at any time after November and almost perpetual sunshine and soft balmy winds were continual. The following spring was not different from the usual and the following summer was one of the most fruitful ever known. It is not impossible that the forthcoming winter may be like that of 1877-78."

The Proof That Brainerd Readers Cannot Deny

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mrs. William Bourquin, 913 7th St., Brainerd, Minn., says: "We use Doan's Kidney Pills whenever we need a kidney medicine, and they soon fix us up in good shape. You can continue publishing the endorsement we have previously given Doan's Kidney Pills, for we can't say too much in their favor. We know that Doan's Kidney Pills can be relied upon to bring relief from kidney disorders."

### And He Walked.

It happened on a three cent car line. The car was crowded. A man got on, evidently a foreigner. He bought a quarter's worth of tickets (eight). The conductor took one of them and handed him the other ones. When the conductor came around for fares again the man gave him another. After a little another call and another ticket until they were all gone. "Py him-mel," said the man, "I pay no more tickets! I walk!" And he got off and walked.—Judge.

## PRAYER FOR AGED BY MRS. MORGAN

Asks That Fear of Death Be  
Taken Away.

### PEACE FOR ELDERLY PEOPLE

New York Church Adopts Prayer, and  
It is Published in Annual Calendar.  
Notable Woman is Much Impressed  
With Beauty of Old Age—Asks That  
Undue Love of Life Be Taken Away.

New York.—Mrs. J. Pierpont Morgan, widow of the financier, is impressed with the beauty of old age and the need of showing special favor to those of advanced years that she has sent to the Rev. Karl Relland, rector of St. George's Episcopal church, a special prayer for those who have passed, reached or nearly reached the allotted span of life. It is a prayer of the Episcopal communion, although not in the Book of Common Prayer.

Mr. Relland was so impressed with Mrs. Morgan's letter and the prayer itself that he printed it in St. George's Calendar, with this note:

"Through the kindness of Mrs. J. Pierpont Morgan a copy of the follow-

MRS. J. P. MORGAN.

ing prayer has been received, and we are very glad of the opportunity to print it. It is a prayer especially for those advanced in years."

The prayer occasioned considerable comment, and many parishioners expressed a resolve to repeat it daily. The prayer is as follows:

O God, our Heavenly Father, whose gift is length of days, help us to make the noblest use of mind and body in our advancing years. According to our strength appoint thou our work. As thou hast pardoned our transgressions, sift the in-gatherings of our memory, that evil may grow dim and good may shine forth clearly. We bless thee for thy gifts and especially for thy presence and the love of friends in heaven and on earth.

Grant us new ties of friendship, new opportunities of service, joy in the growth and happiness of children, sympathy with those who bear the burdens of the world, clear thought and quiet faith. Teach us to bear infirmities with cheerful patience.

Keep us from narrow pride in outgrown ways, blind eyes that will not see the good of change, impatient judgments of others. Let thy peace rule our spirits through all the trial of our waning powers. Take from us all fear of death and all despair of undue love of life, that with glad hearts at rest in thee we may await thy will concerning us, through Jesus Christ, our Lord. Amen.

J. P. Morgan accompanies his mother to the services and sits in the seat his father occupied for half a century.

#### Bonehead Stick.

A greivous walking stick was that used by the late Moberley Bell, so long manager of the London Times. It was a plain, stout stick, mounted with a bone from his own body. When a correspondent in Alexandria he was crossing a railway line and caught the heel of his foot between the points. A train was approaching, and by a desperate effort he wrenched himself free. But he injured his ankle that an operation was necessary, and one of the joint bones had to be removed. This he had mounted as the handle of the walking stick which he used to counteract the limp his accident left him.—London Tatler.

## LOST IN A BIG CITY

In New York Thousands of Per-  
sons Vanish Every Year.

### MYSTERY OF THE MISSING.

What May Be the Fate of the Many  
the Police Fail to Find and Whose  
Dead Bodies Do Not Arrive at the  
Morgue is an Unsolved Enigma.

More than 4,500 persons are reported to the New York police every year as missing. Of these about 3,500 are residents of the city, while the remainder are visitors.

The New Yorkers who vanish from their homes are reported to the police stations in the local precincts, and those cases are handled by the precinct authorities. But the reports of missing visitors, regardless of where made originally, ultimately go to the bureau of missing persons at police headquarters.

Information from official sources shows that minors constitute approximately two-thirds of the New York residents stated to be missing annually. The remaining one-third is composed chiefly of men.

It is estimated that more than one-half of the 3,500 are located by the police, dead or alive, or return to their homes soon after disappearance, notification of the return being sent to the officials. Of the remainder it is estimated that at least one-half ultimately arrive back home in safety, but no notification of the fact is sent to the police.

This leaves about 850 persons per year who utterly vanish. What becomes of them is one of the mysteries of the metropolis. They disappear as though they were so many bubbles. Some of them doubtless kill themselves or are killed, their bodies never being discovered. Some of them, it may be set down for certain, run away from their matrimonial mates. But what the fate is of the great mass of them no man can say.

Of the large number of minors who figure each year as missing, police officials state that the big majority are youths and girls between the ages of fifteen and twenty. They are often wage earners, disgruntled with conditions at home, either because they have to give what they consider too large a proportion of their wages to the family exchequer or because they think their parents too strict with them in the matter of pleasure seeking.

Of the 1,000 residents of other places for whom the police are annually asked to look, a considerable percentage are men who have come to New York to find relaxation from the workaday grind in the gayeties of Broadway. They get into the whirl of things rather more than they intended and are lost to their friends' view for a few days. Ultimately most of these wanderers in the fields of frivolity turn up all right, with a bit of headache, perhaps, and a determination not to seek relaxation quite so persistently on the next New York visit.

Other strangers to the city get separated from their friends in the subway or on the elevated or get lost in the streets, and then the police are asked to find the missing ones. Immigrants in transit from European countries to inland points in the United States frequently wander off from the parties to which they are attached and have to be found through the medium of the police.

In the course of a year the police receive scores of letters from foreign countries inquiring about friends or relatives of the writers who were last heard from in New York. From Zanzibar and from India, from Australia and from Egypt, from Europe, from North America, come letters of inquiry.

The proportion of these nonresidents of New York never to be heard of again as estimated by the police is about the same as in the case of New York citizens. That is, something more than one-half of the 1,000 are located by the police or return to their friends, the police being so notified. About one-half of the remainder finally reach their friends all right, it is estimated, the police not being notified. This leaves approximately 250 visitors to New York who vanish yearly without anything whatever being known of their fate. With the 850 New Yorkers who absolutely disappear, there is thus a total in round figures of 1,100 persons who every twelve months are lost to sight as utterly as though they had stepped behind a magic curtain.

The bureau of unidentified dead has made a collection of the marks put on clothing by all laundries in New York. When a body is found which has no means of identification except through laundry marks the marks are compared with those on file in the bureau. If the victim's clothes prove to have been laundered in New York the laundry is visited, and from examination of its books it is usually possible to trace the identity of the dead person.

Names of tailors and of clothing manufacturers also lead to many identifications. Tattoo marks have in several instances meant identification. A majority of the unidentified dead are found in the water. Most of them are doubtless suicides. Others of the unidentified cases are due to street car accidents, suicide by gas and sudden death in the street from natural causes.

Photographs are taken of all bodies and prove of much aid in making identification. In occasional instances identification from photographs has resulted even after burial in potter's field.—New York Times.

A Defect.  
A little girl was playing with a girl friend of her own age on the porch of her home. An elderly gentleman, her mother's father, and an elderly lady, her father's mother, were sitting on the porch talking pleasantly with each other. The little girl had often wished her grandparents were of the same name. Like other children's grandparents. Presently the little girl remarked, "What a nice grandmother and grandfather you have!" "Oh, yes," she said, with a sigh, "but they don't match."

### MARKET FOR COCKLEBURS.

Farmer Makes a Shipment to Indian Doctor in Spokane.  
Russellville, Ark.—An express shipment of a peck of cockleburrs consigned to Spokane, Wash., was the unusual product given the express company here by J. J. Deitrich, a Pope county farmer. The selling of cockleburrs, which the shipper says are used by an Indian physician in Spokane in compounding a salve, is uncommon, the product being generally considered a nuisance.

O. Henry, author of "Cabbages and Kings," once used the burrs to good advantage in his fiction, a consignment of the burrs being scattered over the streets of a small town in the torrid zone to compel the natives to buy shoes.

## Startling Exclusive Improvements Mark the 1914 Harley-Davidson

Step-Starter—Selective Two-Speed—Double Brake Control—Double Control of Free Wheel—Folding Foot Boards—Ful-Floting Seat, and Other Improvements.

Step-Starter Starts Machine With Rider in the Saddle and Both Wheels on the Ground

THE 1914 Harley-Davidson is marked for the innovations it presents. Innovations, but not experiments, for every feature has stood the test of months and months of hard road service. The Step-Starter—an exclusive feature—furnishes the only practical method of starting a motorcycle. If the rider accidentally stalls the motor it is no longer necessary to hold up traffic on a crowded street, find a level place in the road, get off in the mud, and set the machine on the stand to start it. A downward push on either pedal and the motor again begins to throb.

**Selective Type of Two-Speed**  
The Harley-Davidson selective type of two-speed has proven itself to be exceptionally reliable, extremely simple and wonderfully efficient. Its housing inside the rear hub, thus avoiding dust, dirt or damage. Its speeds are selective and the rider can shift from low to high or high to low or to neutral at any time whether the machine is standing still or in motion.

**Double Brake Control**  
The new Harley-Davidson Band Brake may be operated by a foot lever on the right foot board or by back pedaling on either pedal.

**Double Control of Free Wheel**  
Free Wheel Control is operated by hand or foot. With his hands on the handle-bars the rider has complete control of the 1914 Harley-Davidson.

**Folding Foot Boards**  
The Harley-Davidson foot boards are unusually long permitting a great variety of positions according to the height of the rider. This overcomes the great objection to the ordinary type of foot boards built only to fit the ordinary man. With the Harley-Davidson foot boards whether the rider is tall or short he is not forced to assume an uncomfortable position.

**Ful-Floting Seat**  
For the third successive year the Ful-Floting Seat is standard. This patented device floats the weight of the rider between two concealed springs, assimilating all jars and vibration due to rough roads.

**Other Refinements**  
Over thirty desirable improvements are noticeable on the new Harley-Davidson.

### SLEEP DISTURBING BLADDER WEAKNESS

BACKACHE AND RHEUMATISM VANISH

Even Most Chronic Sufferers Find Quick Relief

A few doses of Hindipo never fail to relieve such troubles, because it cleans out the clogged up, inactive organs, and makes them work properly. It soaks right into the kidneys, cleans out the little filtering cells and glands; neutralizes the urine so it no longer irritates the tender membranes of the bladder; dissolves the poisonous uric acid substances that lodge in the joints and muscles, and cause rheumatism, and cleans out and strengthens the lifeless kidneys so they can filter and sift the poison from the blood, and drive it out of the system.

So sure—so positive—so quick as lasting are the results obtained from Hindipo that three doses a day for few days are often all that is required to end the worst backache, regulate the most annoying bladder disorders and put the kidneys healthy, active condition.

It is practically impossible to take this quick-acting, effective preparation without results.

An original package costs but a trifle and all druggists are authorized to return the purchase price of Hindipo fails to promptly give desired results, regardless of how long you are or how long you have suffered.—Johnson's Pharmacy—Advt.
